Is there a difference between leadership vs management? What is strategic leadership? What is the most effective leadership philosophy? Do you wish your company had leadership coaching and leadership courses, or are you frustrated with executive leadership? Do you long for more participative leadership? You are not alone. So why does leadership suck? It sucks because real leadership is hard, requires selfless service, and because the buck stops here. The book is divided into four parts: Part 1: To serve or not to serve. Educational leadership requires servant leadership. Part 2: Do what's best for your organization. Discusses various aspects of organizational leadership and culture Part 3: Humility 101. Leadership principles of self-examination, apologies, authenticity, controlling and displaying emotions, and handling adversity are examined. Part 4: Specific management situations, focusing on business leadership competencies Here is the leadership training and leadership coaching you will learn from Miles and experience in Why Leadership Sucks? 1. Why servant leadership is a superior leadership philosophy and a better long-term strategy. 2. Develop executive leadership skills with practical action steps. 3.
