Reviews

This publication is fantastic. It is one of the most amazing publication i have got study. I am just pleased to explain how this is actually the best pdf i have got read through in my individual lifestyle and could be he finest publication for possibly.

(Mr. Kristoffer Hills)

EMPLOYEE BENEFITS: COMPANIES RETIREE HEALTH LIABILITIES LARGE, ADVANCE FUNDING COSTLY: HRD-89-51

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 46 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed U. S. companies liabilities for retiree health benefits. GAO found that: (1) as of 1988, U. S. companies had total liabilities of 402 billion for retiree health benefits, of which 227 billion, or about one-fourteenth of the value of all companies stocks in 1988, was accrued and 175 billion was anticipated; (2) most companies did not fund health benefit liabilities in advance; (3) advance funding would stabilize companies annual expenditures and make benefits more secure, but would be very costly; (4) by 1992, the Financial Accounting Standards Board (FASB) plans to require companies to report on their financial statements the present value of their liabilities for future retiree health benefits; (5) because of rising retiree health costs and the proposed FASB reporting standards, many companies are increasingly changing their health plans to shift costs to retirees and reduce benefits; (6) many companies believe that they have the right to modify or terminate benefits for active workers and retirees and have language in their plans reserving that right; (7) recent legislation generally prohibits companies that file for bankruptcy from changing or terminating retiree health plans; and (8) Congress may wish to protect retirees health care coverage by requiring employers to advance-fund such benefits or provide coverage that retirees can buy at group rates. This item ships from La Vergne, TN. Paperback.
