ENERGYWORKER: A CALL TO EMPOWERMENT (PAPERBACK)

Starfield Press, United States, 2015. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book ***** Print on Demand *****.WORKING WITH ENERGY IS NOT SOMETHING MAGICAL ANYONE HAS TO LEARN. It is naturally ingrained in everyone already. There is nothing that can be done without energy. Each and every one of us works with energy in a multitude of ways every minute of every day. If everything and everyone is nothing but energy, the fact we can even detect where an object is located shows we can read energy. The fact we can then actually pick up the object and move it to another location shows we can work with energy. Our physical bodies are giant antennas for energy. Each of our senses are picking up the feedback of energy and translating it to our brain and nervous system as scents, sights, tastes, sounds, textures, and feelings. In fact, without energy receptors, we would not be able to operate within this physical plane! We would never be able to find where someone has moved something or built a wall that may be in our way, until we smack into it. Everyone and everything that has ever existed came from the same energy, yet never left this energy, and still has not left it. Energy may shift and change and move, but it can never be destroyed. The simple fact that you exist in this form, in this moment, means you are already a natural-born Energyworker. Covering all bases from being affected by energy to healing with energy, ENERGYWORKER: A CALL TO EMPOWERMENT is a guide the mindful and self-empowered will want to keep handy at all times.
