Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

Neuware - Scholarly Research Paper from the year 2010 in the subject English - Applied Geography, grade: 2, University of Education Heidelberg, language: English, abstract: A large number of people believe that everything that is man - made can be seen as culture. Moran leaves no doubt about those products' importance, when he writes: Products, the visible dimension of culture, are the gateway to the new culture, the new way of life (p. 48). But are there only architecture, paintings, literature, music, language, and food which come to mind if we think of a country's culture The iceberg model shows that these aspects represent only a small amount of culture that, just like the visible section of an iceberg above the waterline, can be seen easily and understood clearly. However, there are a lot more facets, also like an iceberg, that can only be suspected or imagined. These parts of the iceberg are its foundation and the iceberg model makes clear that it is impossible to understand people from different cultural backgrounds, unless we are able to appreciate what the foundations of their culture are. But no matter how many different definitions of the term 'culture' exist, a lot of them cover problems concerning the human beings and their life in a community. This implies that we can't learn about another country's culture by reading a lot of books about it, but we need the encounter with another way of life. In that way, culture can also be seen as a concept which regulates the interpersonal cohabitation of human beings in a collective. This collective does not have to be a country by all means, but can...
