By Chris McMullen Ph D

Createspace, United States, 2011. Paperback. Book Condition: New. annotated edition. 251 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.AUTHOR Chris McMullen earned his Ph.D. in physics from Oklahoma State University and currently teaches physics at Northwestern State University of Louisiana. He developed the Improve Your Math Fluency series of workbooks to help students become more fluent in basic math skills.EXAMPLES Each section begins with a couple of annotated examples to illustrate how to solve the problems.ANSWERS An answer section at the back provides a complete answer key. It s important for students to practice solving problems correctly, otherwise they will practice their mistakes. Students, parents, or teachers should use the answer key to help students check their answers.CONTENTES This practice book is designed to help students develop proficiency with their multiplication skills by offering ample practice. Computer-generated answers have been included at the back of the workbook so that students, parents, or teachers may quickly check the results of their solutions. There is plenty of space for students to write their solutions. This book is conveniently divided up into six parts: Part 1 reviews the fundamental multiplication facts between single-digit factors since swift knowledge...
